FIRE DEPARTMENT REPORT

YOU CAN HELP PREVENT FOREST FIRES

Twenty-five percent of all forest fires in New Hampshire are caused from careless debris burning—brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost of extinguishing these fires annually runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as (\$200) two-hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc., cut on your property. Eliminate the hazard of burning yourself. It will be easier for you—personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning. Don't leave it.
3. Make certain your fire is DEAD OUT before leaving it.

SAVE YOURSELF MUCH POSSIBLE DIFFICULTY.
USE YOUR TOWN DUMP.

ROBERT W. SMITH,	SUMNER A. HAYES
<i>District Fire Chief</i>	<i>Forest Fire Warden</i>

The Barrington Fire Department responded to 18 calls during 1958. One of these was for a flooded oil burner, 3 for chimney fires, 6 for car, truck, tractor and outboard motor fires, 3 house fires, 1 grass fire and 1 for the use of the resuscitator out of town and 3 out of town fire calls.

A power megaphone was added to the Department equipment and we are attempting to arrange for the procurement of a 4 wheel drive tank truck.

Fire losses were very low. Help us keep it that way.

SUMNER A. HAYES, *Chief*.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Barrington:

The Barrington Elementary School was organized in September, 1958 as follows:

<i>Grade</i>	<i>Pupils</i>	<i>Teacher</i>	<i>No. in Room</i>
1	32	Miss Helen Watson	32
2	28	Miss Constance C. Crosby	28
		Principal	
3	27	Mrs. Marguerite L. Critchett	27
4	28	Mrs. Pauline W. Hayes	28
5	27	Mrs. Dorothy R. Fernald	27
6	22	Mrs. Hazel Wasson	27
7	5	Mrs. Hazel Wasson	
7	13	Mrs. Irene Scribner	24
8	11	Mrs. Irene Scribner	
Total Elementary pupils			193

Other staff members include the following:

School Nurse-Teacher	Mrs. Frances L. Harvey, R.N.
Music	Mr. Constantine Battis

Barrington district tuition pupils attended high schools and Public Approved academies as follows:

District or Public Academy Where Pupils Attend	No. of Pupils Grades 9-12	Tuition Rates	
		1958-59	1959-60
Austin-Cate Academy	1	\$367	\$388
Coe-Brown Northwood Academy	4	367	388
Dover High School	34	336	375
Spaulding High School	27	294.50	351.50
Total Tuition Pupils		66	

The cost of education continues to increase proportionately to the increases in other areas of our economy. The above increase in High School Tuition rates and the increase in enrollment of pupils attending high school, has a dollar impact on your 1959-60 school budget. These are statutory obligations which must be met by the school district. Another factor is the continued shortage of qualified teachers, making it necessary to increase teachers' salaries in order to keep them. It is fundamentally essential that we retain our good teachers so that your children may have the benefit of the best education available. Unless salaries are increased, we are in a vulnerable position from the surrounding cities and towns.

Our testing program has been organized so that every child will receive a test of mental ability in grades 2-4-6-8. All grades receive a battery of the Stanford achievement test at the end of the first semester, except grade 1. Their test is given at the end of the first year. These tests are valuable to the teachers as a guide in determining the type of instruction to be administered.

The *National Defense Act of 1958* will soon have its effect in the enrichment of the curriculum. Grants to states for the acquisition of Laboratory equipment for Science, Mathematics, Modern Foreign Language in public elementary and secondary schools and minor remodeling; to be matched locally on a 50-50 basis.

Educational TV in this area will also make its appearance in the ensuing year. Experience has proved that Educational TV is a potent factor in upgrading the level of education in many areas. The purchasing of TV equipment and other audio-visual aids will be a worthwhile project for civic groups to seriously consider.

A superintendent who visited the Barrington School, no doubt scouting for teachers, remarked to me that it was the best managed elementary school that he had seen. My

compliments to Principal Constance Crosby, the teachers and the pupils.

Custodian Freeman Drew deserves much credit for the way in which he maintains your school. Due to his cooperation, many repairs, replacements, and improvements, which were beyond the call of duty, have been a substantial saving to the community.

Due credit should be given to the lunch workers for the high degree of efficiency and the caliber of meals which they are continuing to provide to the pupils of Barrington.

I am sure that the community joins me in paying respect to Miss Myrtle Fletcher, R. N., deceased last summer, who for so many years served faithfully and well, this community.

In conclusion, I should like to express my appreciation for the cooperation given me during the year by the citizens, school board, and teachers of Barrington.

Respectfully submitted,

RAMON MARTINEAU,

Superintendent of Schools.

**SUMMARY OF FINDINGS AND
RECOMMENDATIONS**

October 20, 1958

BOARD OF SELECTMEN

Barrington, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Barrington which was made by this Division, acting under authority of Chapter 71, Section 27, of the Revised Statutes Annotated, which provides in part as follows:

"Audit on Motion of Commission. The (Tax) Commission may cause an audit to be made of the accounts of any city, town, school district, village district or precinct, as often as once in two years, or whenever conditions appear to it to warrant such audit."

This audit covered the fiscal year ended December 31, 1957 and the period from January 1st to August 31st, 1958. Included is a Statistical Table presenting a Ten Year Statement of Indebtedness, Valuation and Taxes.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector and Town Clerk.

FINANCIAL STATEMENTS

ANALYSIS OF CHANGE IN FINANCIAL CONDITION :

An analysis of the change in financial condition of the Town during the year was made, with the factors which caused the change. These were as follows:

Net Budget Surplus	\$1,052.46	
Increase in Accounts Receivable	52.46	
	<hr/>	\$1,104.92

DECREASE IN SURPLUS

--------------	-------	------------

AUDIT PROCEDURE

The accounts and records of all town officials charged with custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

GENERAL COMMENTS

INDEBTEDNESS, VALUATION AND TAXES:

Table I presents a ten year statement of Indebtedness, Valuation and Taxes. It will be noted that during the period from December 31, 1947 to December 31, 1957, the Surplus increased from \$3,279.81 to \$14,803.90. It is further noted

that at no time during this period was there any Town indebtedness, - i. e. outstanding notes or bonds.

During the same period the assessed valuation of taxable property increased from \$703,955.00 to \$1,319,788.00, or 87%. The amount of the annual tax levy increased from \$29,989.40 to \$69,156.89, or 131%. Uncollected and unredeemed taxes at the close of the fiscal year increased from \$4,452.38 to \$11,599.73, or 161%.

The local tax rate increased from \$4.00 to \$5.24 per hundred, compared to the average tax rate for the State which increased from \$3.71 to \$4.96 during this period.

TAX COLLECTOR:

(Head and Poll Taxes)

Unpaid poll and head taxes should be included in the amount for which real estate is sold by the Collector for delinquent taxes thereon. This is in accordance with the provisions of Chapter 80, Section 19, of the Revised Statutes Annotated, which reads as follows:

“80:19 Lien. The real estate of every person or corporation shall be holden for all taxes assessed against the owner thereof; and all real estate to whomsoever assessed shall be holden for all taxes there.”

COLUMNAR FORM OF CASH BOOK

It is recommended that the Tax Collector adopt the use of the standard loose leaf columnar form of Cash Book. All collections should be entered first in the Cash Book and then posted to the Warrant Book. The standard Cash Book form provides columns for the segregation of collections by type of tax (property, poll, head, yield and interest thereon) as well as the year of tax levy. It also provides columns for redemptions, from tax sales. When remittances are made by the Collector to the Treasurer the Cash Book column totals

will provide the necessary information for the report which accompanies each remittance.

(Report of Redemptions from Tax Sales)

When remittances are made by the Collector to the Town Treasurer on account of redemptions from tax sales, the report accompanying such remittances should be made on the regular form provided for this purpose.

(Recommitment of Head and Poll Taxes)

It is not necessary for the Collector to have uncollected poll and head taxes or unredeemed taxes recommitted at the beginning of each fiscal year. The original warrant is sufficient authority for the collection of all taxes.

TOWN TREASURER:

The Town orders issued by the Selectmen may be countersigned by the Treasurer and used as Town checks if the name and number of the depository bank is either stamped or printed thereon. This will eliminate the necessity of the Treasurer having to issue a separate check for each order.

If the combined order-check system is adopted, the vouchers and order-checks will bear indential serial numbers. Furthermore, the possibility of a difference between the names or amounts on the orders and checks will be eliminated.

REFUND A, C MOTOR VEHICLE ROAD TOLL:

The Town is entitled to a refund equal to the amount of the State gasoline tax on gas which is purchased for use in Town owned highway or fire equipment. In order to obtain such refund application should be made to the State on the required forms accompanied by invoices for gasoline purchased for Town use.

TOWN CLERK:

In accordance with the provisions of Chapter 466, Section 7, of the Revised Statutes Annotated, an additional charge of fifty cents for the licensing of dogs after July 1st in any year should be made.

CONCLUSION:

The provisions of Chapter 184 of the Laws of 1955 require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Barrington for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, *Director*

Division of Municipal Accounting
State Tax Commission
